EDUCATION

Chittagong University of Engineering and Technology <i>MSc in Computer Science and Engineering</i>	July 2025 - Present Chittagong, Bangladesh
Chittagong University of Engineering and Technology <i>BSc in Computer Science and Engineering</i> CGPA: 3.72 / 4.00	February 2020 - June 2025 Chittagong, Bangladesh
Chittagong College <i>Higher Secondary Certificate (HSC)</i> GPA: 5.00 / 5.00	2019 Chittagong, Bangladesh
St. Scholastica's Girls' High School, Chittagong <i>Secondary School Certificate (SSC)</i> GPA: 5.00 / 5.00	2017 Chittagong, Bangladesh

WORK EXPERIENCE

East Delta University Bangladesh <i>Lecturer, Dept. of CSE</i>	January 2026 - Present Chittagong, Bangladesh
Teaching Computer Graphics Lab and undergraduate mathematics courses, including Numerical Analysis, Fourier and Laplace Transforms, Complex Variables, and Vector Analysis. In addition to teaching, I grade and evaluate students' coursework and examination scripts, provide academic guidance and mentoring, and actively engage in student extracurricular and co-curricular activities to support their overall development.	
Southern University Bangladesh <i>Lecturer, Dept. of CSIT</i>	July 2025 - January 2026 Chittagong, Bangladesh
Taught Algorithm Design and Analysis, Artificial Intelligence, Compiler Design, Mobile App Development, and System Analysis and Design through both lectures and lab sessions. Beyond classroom teaching, I evaluated assignments and examination scripts, participated in academic seminars and departmental activities, and served as an anchor for several co-curricular events. I also worked closely with students in programming contests and other extracurricular initiatives, helping foster their technical skills, teamwork, and professional growth.	

RESEARCH EXPERIENCE

Undergraduate Thesis Research, CUET <i>Supervised by Dr. Rahma Bintey Mufiz Mukta & Md. Shafiul Alam Forhad</i>	2024 - 2025
A Blockchain-Enabled Process Adaptation Framework for E-Waste Resource Recovery Used smart contracts and dynamic process adaptation to optimize e-waste resource recovery, ensuring transparency, automation, and sustainability. - Accepted and presented at the 9th Symposium on Distributed Ledger Technology (SDLT 2025), Melbourne, Australia. To be published in Springer's CCIS.	
Ongoing Research, CUET <i>Supervised by Dr. Rahma Bintey Mufiz Mukta</i>	2026 - Present
Attack Scenarios in Cross-Chain Blockchain Interactions Conducting a comprehensive survey and taxonomy of security vulnerabilities and attack patterns in cross-chain communication protocols (Under preparation for journal submission).

ACHIEVEMENTS AND AWARDS

Blockchain Olympiad Bangladesh (BCOLBD) 2024 September 2024

- Finalist among 250+ teams in a national blockchain competition.

IEEE CUET Student Branch FACE THE CASE 2.0 2024

- Finalist in an IEEE-organised case competition at CUET.

PROJECTS

Sheikh Kamal IT Business Incubator Website | HTML, CSS, JavaScript, MySQL June 2022 - August 2022

- Developed a user-friendly web system ("Innovation Hub") to provide travellers in Bangladesh with accurate and reliable information about the country.

Voice Assistant | Python, Jupyter Notebook October 2023 - December 2023

- Built a voice-driven digital interface leveraging natural language processing to respond to spoken commands, perform tasks, and retrieve information analogous in architecture to assistants such as Siri or Google Assistant.

INTERNSHIP AND TRAINING

Softrobotics Bangladesh Limited

Industrial Attachment (Internship)

- SQL fundamentals and data management with Laragon; Laravel MVC, Eloquent ORM, and routing.
- Access Control Lists (ACLs) and secure database design; telemedicine platform development with Role-Based Access Control (RBAC).
- Version control and deployment using Git and GitHub.

CUET Edge Course

C# and .NET Training

- C# fundamentals, OOP, and data structures; ASP.NET Web Forms and ASP.NET 6.0 with SQL Server integration.
- Authentication, Entity Framework, Web APIs, and BI tools (SSRS, RDLC); full-stack project implementation with real-time data handling and deployment.

SKILLS

Languages: C, C++, Python, JavaScript, Solidity

Frameworks & Libraries: React, Node.js, Hyperledger Fabric, Ethereum, PyTorch, Scikit-learn, Matplotlib, Pandas

Databases: MySQL

Tools: Git, Docker
